Expertise Meets *Execution*

"Sean was the consummate professional in helping us prepare and sell our house. During the walkthrough he was honest about what we likely would need to upgrade or fix to make our house market ready."

— ROBB M., VERIFIED SELLER

Born and raised in the Bay Area and now raising my family right here in Oakland — my approach to real estate is rooted in community and design. Backed by Cush Real Estate's elite marketing resources, I deliver boutique-level service with a high-performance execution plan.

TOP PRODUCER

Specializing in Oakland, Piedmont, and Berkeley's finest neighborhoods.

DESIGN-LED STRATEGY

Expert in preparing and positioning your home for the strongest financial outcome.

THE ANTI-FLIP PROMISE

I champion a premium integrity lane — upgrades that respect the home's era and architectural identity, maximizing appeal without chasing fleeting trends.

THE MARKET REALITY

The *Move-In-Ready* Premium

Oakland is one of the most competitive markets in the Bay Area right now. Homes are selling fast — and well above asking — when they're professionally prepared. Buyers want the dream, not the project.

- **76.8% sold over asking** in Oakland — up from 68% a year ago.
- **18 days on market** is the current Oakland average — turnkey homes move even faster.
- **The "As-Is" Penalty:** Homes that need work sit longer, endure price cuts, and attract lowball investor offers.
